NIGERIA

**BARR. MOHAMMED
HASSAN ABDULLAHI**

FEDERAL MINISTER OF ENVIRONMENT

**AMB. DR. LORETTA
EMETAN ENWEZOR**

ABUJA CLIMATE SUMMIT COORDINATOR

ABOUT SUMMIT

Against the backdrop of the worsening climate crisis, the UN Secretary-General's Climate Ambition Summit aimed to showcase "first mover and doer" leaders from government, business, finance, local authorities, and civil society who came with credible actions, policies and plans – and not just pledges – to accelerate the decarbonization of the global economy and deliver climate justice in line with his Acceleration Agenda.

"If these first-doers and first-movers can do it, everybody can do it," the Secretary General said in his closing remarks, calling it a "Summit of Hope."

By demonstrating that tangible and ambitious action to credibly cut emissions and deliver climate justice was possible and practical, the Summit showcased a way forward: the alignment of sectoral, local, national and international plans and policies with credible and science-backed targets to accelerate decarbonisation, advance climate justice and fairness, with unprecedented levels of coordination and cooperation, and a renewed focus on credibility and accountability.

All of the above positions by United Nations is what inform need for maiden edition of this summit – an inclusive assembly of affected communities, individuals, government and private organisations.

Ambassador Dr. Loretta Emetam Enwezor
Abuja Climate Summit Convener

DAY ONE

ITINERARY

Session One

08:00am – 10:00am	Arrival and Registration
10:00am – 10:10am	Welcome Performance
10:10am – 10:15am	National Anthem
10:15am – 10:25am	Welcome Address by Summit Group President
10:25am – 10:55am	Introduction of Guest and Good will messages
10:55am – 11:15am	Visual Presentation on Climate Change and Human Health
11:15am – 12:15pm	INTERLUDE BREAK AND SOLAR DEVICES EXHIBITION

Session Two

12:15pm – 12:30pm	Arrival to Session two and Dignitaries Recognition
12:30pm – 01:00pm	Paper One Presentation - Indoor Pollution and Death Rate Nigeria.
12:45pm – 01:30pm	Reactions and Interactions
01:30pm - 01:40pm	Interlude Performance
01:40pm – 02:10pm	Paper Two Presentation - Plastic Pollution and Heart Related Disorder at Rural Nigeria.
02:10pm – 02:55pm	Reactions and Interactions
02:55pm – 03:00pm	Interlude Performance
03:00pm – 04:30pm	LUNCH BREAK

Session Three

04:30pm – 04:40pm	Session Three Welcome Performance
04:40pm – 05:00pm	Introduction of Discussants
05:00pm – 05:55pm	Discuss on Paper One and Paper Two
05:55pm – 06:00pm	Vote of Thanks
06:00pm – 09:00pm	Dinner and Music Entertainment

DAY TWO

ITINERARY

Session Four

10:00am – 10:10am	Day Two Welcome Performance
10:10am – 10:15am	National Anthem
10:15am – 10:25am	Day Two Welcome Address by Summit Group Vice President
10:25am – 10:55am	Day Two Introduction of Guest and Good will messages
10:55am – 11:15am	Visual Presentation on Climate Change and Human Health
11:15am – 12:15pm	INTERLUDE BREAK AND SOLAR DEVICES EXHIBITION

Session Five

12:15pm – 12:30pm	Arrival to Session Five and Dignitaries Recognition
12:30pm – 01:00pm	Paper Three Presentation - Land Dredging Policy and Community Compliance.
12:45pm – 01:30pm	Reactions and Interactions
01:30pm – 01:40pm	Interlude Performance
01:40pm – 02:10pm	Paper Four Presentation - Water Garbage Pollution and Flood Disaster.
02:10pm – 02:55pm	Reactions and Interactions
02:55pm – 03:00pm	Interlude Performance
03:00pm – 04:30pm	LUNCH BREAK

Session Six

04:30pm – 04:40pm	Session Six Welcome Performance
04:40pm – 05:00pm	Introduction of Discussants
05:00pm – 05:55pm	Discuss on Paper Three and Paper Four
05:55pm – 06:00pm	0Day One Vote of Thanks
06:00pm – 09:00pm	Dinner and Recognition Award

Meet Lightyear One: The New Solar-Powered Electric Car

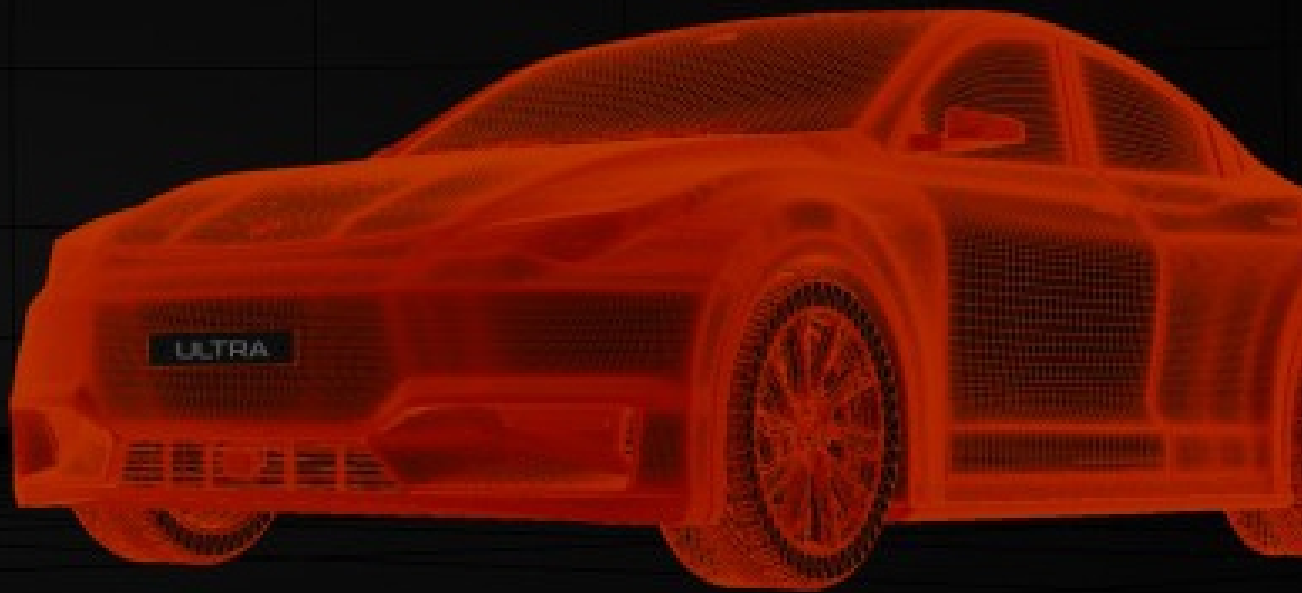

Lightyear One is a long-distance cruiser with four independent in-wheel electric motors. The EV is able to consume 83Wh/k and has the ability to accelerate from 0 to 62mph in less than 10 seconds if needed.

RENEWABLE ENERGY

The Best Big Thing!

A cutting-edge company that has made a grand entrance into the African automotive industry. Driven by a passion for innovative design, exceptional engineering, and unparalleled performance..

DID YOU KNOW? **AIR POLLUTION IS CONSISTENTLY AIDING CLIMATE CHANGE.**

THOUGH BOTH INCIDENCES SEEM DIFFERENT, THEY ARE
CLOSELY INTERLINKED, BY REDUCING AIR POLLUTION WE
ALSO PROTECT THE CLIMATE.

CLIMATE CHANGE IS REAL

CLIMATE CHANGE & HUMAN HEALTH

Change in weather and temperature poses many threats to the health and well-being of all persons in Abuja. This change, which is globally referred to as climate change, affects the food we eat, the air we breathe, the water we drink, and the places that provide us with shelter. Climate change can also impact people's health and well-being by altering the frequency or intensity of extreme weather events and spread of certain pests and diseases.

How Climate Change Affects Human Health

Climate change affects people's health in two main ways:

- By changing the seriousness or frequency of health problems that people already face.
- By creating new or unanticipated health problems in people or places where they have not been before.

The health effects of climate change include respiratory and heart diseases, pest-related diseases like Lyme disease and West Nile Virus, water- and food-related illnesses, and injuries and deaths. Climate change has also been linked to increases in violent crime and overall poor mental health.

Who's Most at Risk

All persons in Abuja face possible health impacts from climate change. However, certain groups are at more risk than others due to both climate and non-climate factors. For example, people living on floodplains, coastlines, or in areas prone to severe storms are more vulnerable to extreme weather. Those living in poverty may be less able to prepare for or respond to extreme events. As a result, these individuals are expected to have greater impacts from climate-related hazards.
